*The board of the Toll Group would like to say thank you.* Thank you to our employees and contractors who have given so much support to the Victorian communities devastated by bushfires.

To our Toll volunteers working for the CFA, the SES and the wonderful charities, as well as the countless other Victorians who are making enormous contributions,

we say thank you. To our teams providing important logistics support to affected communities and agencies, we say thank you. And to all those in our company who continue to donate to our Bushfire Appeal (\$350,000 and growing), thank you.

There is still much to be done. But with your continuing efforts we can play our part in helping affected communities to rebuild.
